# Making Graphs

Tom and Bella visit a horse ranch. What will they see? What will they do?

**I love horses!**

Look at all the horses! Bella counts them. She makes a tally chart to show how many.

**Did you know?**  
Tally marks make groups of five. The fifth tally mark in a group crosses the first four.

## TALLY CHART

gray	I
brown	un I
brown and white	I
white	I
